UFS Regionals events are carefully reviewed and all forms will be considered for approval based on location, attendance, and travel convenience. Regional Tournament Organizers must be able to host a minimum of 30 players in their venue and must provide housing information to players. The Tournament Organizer may charge an entry fee for players to participate in the event, which will be used to pay for prize support and other costs.

Upon approval for a Regionals event, tournament organizers are required to purchase a prize support kit (cost \$130). The Prizes in the kit must be distributed in accordance to the rules and guidelines contained inside the prize kit. We highly recommend taking pre-registration for these events to cover the prize support costs.

To ensure a smooth and fun tournament, we recommend that you have a certified UFS Judge on hand to judge your event. You may request a judges test from Jasco Games.

The prize support kit will provide information on how to run the event, how many rounds to play, and how many players will be in the top cut. You may hold side-events and non-standard events during this time, but you may not charge additional entry fees unless you are giving away product for the event (such as a booster draft or sealed event).

The winner of the Regionals event will be awarded a first round bye at the National Championship in the country the event was held in. The Tournament Organizer will be responsible for contacting Jasco Games and reporting the event results.

For additional information about hosting a UFS Regionals event, please contact us at Events@JascoGames.com or call us at 806-368-5938.

By signing this you accept and agree to the terms listed within this contract and will vogue to honor the guidelines and requirements herein.
